Welcome Back Musicians!

Welcome to our 2024-2025 season! I am looking forward to another exciting season of making music with all of the big changes KPAC has endured in the past few years. With the ever-evolving cold/flu season approaching, please stay home if you are not feeling well and let Ralph or your conductor know you won't attend a rehearsal. Our passion is to protect all of our members and keep everyone safe while making music.

We are very excited to announce John Neal as our new conductor for the Wind Ensemble and Chorus. We are also happy to have John Reeves back as our Jazz Band interim conductor. If you are interested in applying for the Jazz Band Conductors position, please reach out to any board member for more information.

We always seek help from everyone to gather advertisements and sponsors for our program and website. The support from local businesses and the community help keep our organization running. All of your helping hands throughout our rehearsals, meetings, and performances, are greatly appreciated and necessary for KPAC to thrive. I thank you all for your dedication and passion for our music in the community.
